**LD 1275 An Act To Support Access to Health Services for Homeless Youth in
Maine**

SANBORN L TALBOT ROSS R	OTP-AM	S-127

Under current law, a minor who has been living separately from parents or legal guardians for at least 60 days and is independent of parental support may provide consent to all medical, mental, dental and other health counseling and services. This bill allows a minor to provide consent to all medical, mental, dental and other health counseling and services by proving that the minor is living separately and is independent of parental support through various means such as a written, signed statement to that fact from the director of a governmental or nonprofit agency that provides services to homeless persons or an attorney representing the minor or proof of filing for emancipation. This bill also provides immunity to a health care practitioner who provides services to a minor if the minor consented to those services and provided proof of living separately and independently. Finally, this bill prohibits a minor or other person from disaffirming the consent given by the minor solely because the minor is a minor.

Committee Amendment "A" (S-127)

This amendment clarifies that a health care practitioner who obtains documentation is immune from civil or criminal liability. It removes the language regarding consent not being subject to later disaffirmance solely by reason of the minor's age.
