<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SANBORN L COLLINGS B	OTP-AM ONTP	S-204 S-342 BREEN C

This bill was passed to be enacted by the Legislature and then held by the Governor at the end of the First Regular Session of the 129th Legislature. It became law without signature at the beginning of the Second Regular Session.

This bill directs the Department of Labor, Bureau of Labor Standards, when determining prevailing hourly wages and benefits, to collect one set of data through conducting a survey of wages and benefits and a second set of data through certified payroll submissions on state construction projects during two weeks in July of each year and to use the higher wage and benefit information of the two data sets to determine the prevailing hourly wage and benefit rate. This bill also increases from \$50 to \$250 the penalty for failing to provide requested information to the bureau.

**Committee Amendment "A" (S-204)**

This amendment is the majority report of the committee. Like the bill, this amendment requires two data sets to be reported to the Department of Labor, Bureau of Labor Standards in order to determine the hourly prevailing wage and benefits rate paid in the construction industry but clarifies that the second set of data, the certified payroll submissions on state construction of public works, is to come from reporting by state agencies that contract for the construction of public works. It also requires that all data must be submitted to the bureau by the second week in October. It increases the penalties the director may assess against any person who fails to provide the information from \$250 for all offenses, as in the bill, to \$250 for the first offense, \$500 for a second offense and \$1,000 for any subsequent offense. Lastly, it adds an appropriations and allocations section to fund a position in the department necessary for the administration of requirements of the bill, as amended.

**Senate Amendment "A" To Committee Amendment "A" (S-342)**

This amendment eliminates the General Fund appropriations for one-half of the cost of one Statistician II position within the Department of Labor, Bureau of Labor Standards and instead provides Other Special Revenue Funds allocations for the full cost of the position.

**Enacted Law Summary**

Public Law 2019, chapter 545 requires two data sets to be reported to the Department of Labor, Bureau of Labor Standards in order to determine the hourly prevailing wage and benefits rate paid in the construction industry and specifies that the second set of data, the certified payroll submissions on state construction of public works, is to come from reporting by state agencies that contract for the construction of public works. It also requires that all data must be submitted to the bureau by the second week in October each year. It increases the penalties the director may assess against any person who fails to provide the information from \$250 for all offenses to \$250 for the first offense, \$500 for a second offense and \$1,000 for any subsequent offense. Lastly, it funds a position in the department necessary for the administration of requirements of this law.
