LD 1498 An Act To Provide Equity for Commercial Vehicles on Roads and Bridges in Maine

PUBLIC 624

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
JACKSON T MCLEANA	OTP-AM	S-428

This bill was carried over in committee from the First Regular Session of the 129th Legislature by joint order, H.P. 1322.

Current law allows certain commercial vehicles at Canadian weight limits that are higher than those in this State to travel from the United States-Canada border to certain points in this State. This bill repeals that law and allows certain commercial vehicles to be operated in this State at those higher weight limits. A combination vehicle consisting of a three-axle truck tractor with a tri-axle semitrailer may be operated with a maximum gross vehicle weight of 108,900 pounds. A combination vehicle consisting of a three-axle truck tractor with a semitrailer-semitrailer combination configured as a B-train double with eight axles total may be operated with a gross vehicle weight of 137,700 pounds.

Committee Amendment "A" (S-428)

This amendment does the following.

1. It states that after December 31, 2025, the Department of Transportation may not authorize certain routes from the United States-Canada border to certain points in this State for commercial vehicles transporting wood at Canadian gross vehicle weight limits; and
2. It requires the department to submit a report to the joint standing committee of the Legislature having jurisdiction over transportation matters by January 1, 2024, regarding the effects on road conditions and recommendations for continuance, discontinuance or modification of allowing certain commercial vehicles to travel at Canadian gross vehicle weight limits. It allows the joint standing committee to submit legislation based on the findings and recommendations in the report to the Second Regular Session of the 131st Legislature.
