children, and requires the Department of Health and Human Services to convene a working group to make recommendations on the design of the program. It provides for the establishment of benchmarks to measure the effectiveness of the dental incentive payment program over time.

**Committee Amendment "A" (H-409)**

This amendment was the unanimous report of the Joint Standing Committee on Health and Human Services in the First Regular Session. This amendment removes from the bill provisions establishing the dental incentive payment program and the working group that would have designed it. It retains the adult dental benefit under MaineCare and the rulemaking implementing it. It also adds an appropriations and allocations section. This amendment was adopted in the First Regular Session but removed from the bill when it was committed to the Appropriations and Financial Affairs Committee.

**Senate Amendment "A" To Committee Amendment "A" (S-371)**

This amendment was adopted by the House and the Senate in the First Regular Session. This amendment replaces the bill with a resolve. This amendment requires the Department of Health and Human Services to convene a stakeholder group to develop a plan for an adult dental benefit under MaineCare. The plan must be submitted to the Joint Standing Committee on Health and Human Services no later than January 1, 2020. This amendment was adopted in the First Regular Session but removed from the bill when it was committed to the Appropriations and Financial Affairs Committee.

This resolve, which had not yet been voted by the committee, was carried over in committee to any special session of the 129th Legislature by joint order, S.P. 788.

This bill was carried over in committee from the First Regular Session of the 129th Legislature by joint order, H.P. 1322.

Under Public Law 2017, chapter 284, Part EEEEEEE, the State Controller is required to transfer up to \$65,000,000 from the Maine Budget Stabilization Fund to provide General Fund resources to cover any federal disallowance in federal financial participation for Medicaid services and disproportionate share hospital payments related to the Riverview Psychiatric Center. A payment of \$10,524,817 was made in early 2019. This bill requires instead that the transfer be made from the Tax Relief Fund for Maine Residents and requires the State Controller to reimburse the Maine Budget Stabilization Fund for the amount transferred for the federal disallowance related to Riverview Psychiatric Center earlier this year. In the event that sufficient funds do not exist in the Tax Relief Fund for Maine Residents to cover future payments, the funds must come from the Maine Budget Stabilization Fund with a reimbursement from the Tax Relief Fund for Maine Residents to be made as soon as funds become available.
