LD 1591 An Act To Provide Access to Health Care for Maine Citizens ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BRENNAN M	ONTP	

This bill was carried over in committee from the First Regular Session of the 129th Legislature by joint order, H.P. 1322.

This bill specifies that the base year for the hospital tax imposed under the Maine Revised Statutes, Title 36, section 2892 is 2018. It directs the Department of Health and Human Services to submit a plan to the Joint Standing Committee on Health and Human Services regarding how the additional state revenue resulting from that change can be used for the Medicare Buy-in Program and for subsidies under the federal Patient Protection and Affordable Care Act.

Current law provides that each hospital may voluntarily hold its consolidated operating margin to no more than 3% and its increase in its expense per casemix-adjusted inpatient and volume-adjusted outpatient discharge to no more than 110% of the forecasted increase in the hospital market basket index for the coming federal fiscal year. The bill does not change those percentages but requires the Department of Health and Human Services to annually establish recommended percentages for each hospital.

The bill requires the Department of Health and Human Services, in consultation with relevant other state agencies, federal agencies and interested parties, to design a wholesale prescription drug importation program. It requires the department to submit the design for the wholesale prescription drug importation program to the Joint Standing Committee on Health Coverage, Insurance and Financial Services and authorizes the committee to report out a bill to the Second Regular Session of the 129th Legislature.
