project or 50% of \$100,000 or more of qualified basis of an affordable housing project for which a federal credit is not claimed up to \$500,000. The Maine State Housing Authority may allocate up to \$10,000,000 in credits each year 2021 to 2028. Ten percent of the credit must be set aside for the preservation of affordable housing units that are constructed with financial assistance from the United States Department of Agriculture, Office of Rural Development, Rural Housing Service and at risk of losing their affordable status. In allocating the credit for the construction or adaptive reuse of buildings for new rental units, the Maine State Housing Authority must require or provide incentives to encourage that occupancy preference, for a defined number of units, be given to persons who qualify for supportive housing. In addition, 30% of the credit allocated to new housing units is targeted for seniors and 20% is targeted for rural areas. The credit is subject to reporting requirements and a process for tax expenditure review by the Office of Program Evaluation and Government Accountability.

LD 1647 **An Act To Provide Tax Fairness to Maine's Middle Class and Working Families** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BERRY S CHIPMAN B	ONTP	

This bill was carried over in committee from the First Regular Session of the 129th Legislature by joint order, H.P. 1322.

This bill, for tax years beginning on or after January 1, 2020, requires payment of a tax equalization assessment if a tax family has an expanded income of at least \$250,000 for a tax family filing as a single individual, \$325,000 for a tax family filing as a head of a household or \$400,000 for a tax family filing a married joint return or filing a joint return as a surviving spouse, and an effective tax rate that is less than the average effective tax rate on state and local taxes paid by the bottom 99% of tax families. The tax equalization assessment is an amount equal to the difference in the average effective tax rate on state and local taxes paid, calculated by decile, and a tax family's individual effective tax rate on state and local taxes paid, the sum of which is multiplied by a tax family's expanded income.

This bill also provides the following tax benefits.

1. For property tax years beginning on or after April 1, 2020, the bill increases the total amount of the Maine resident homestead property tax exemption by \$5,000 to \$25,000 of the just value of the homestead.
2. For income tax years beginning on or after January 1, 2020, this bill increases the earned income tax credit from 5% of the federal earned income tax credit to 10% of the federal earned income tax credit.
3. For income tax years beginning on or after January 1, 2019, this bill expands benefits under the property tax fairness credit by reducing from 6% to 5% the eligibility threshold percentage of property taxes, or rent constituting property taxes, compared to household income.
