STATE OF MAINE

129TH LEGISLATURE
FIRST REGULAR SESSION

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 129th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

Joint Standing Committee on Health and Human Services

physician assistant licensed under Title 32, chapter 36 or 48 may authorize or amend a plan of care; and

B. Reimbursement is provided for activities performed outside of the home by a registered nurse licensed under Title 32, chapter 31 that are directly related to a member's care and are part of the member's plan of care;

6. Directs the Department of Health and Human Services to convene a work group to review options for adjusting rates in order to provide health care coverage and paid sick leave to home-based and community-based care providers and to report the recommendations of the work group to the Joint Standing Committee on Health and Human Services; and

7. Directs the Department of Health and Human Services to review its in-person supervisory requirement for home-based and community-based care providers to determine whether the use of technology that provides interactive, real-time communication is feasible and practical and to report its recommendations to the Joint Standing Committee on Health and Human Services.

Committee Amendment "A" (H-524)

This amendment removes the sections of the bill that establish the Social Determinants of Health Stakeholder Advisory Group within the Department of Health and Human Services, requires review of certain home-based and community-based MaineCare reimbursement rates every two years and convenes a work group to review options for adjusting reimbursement rates for home-based and community-based services. It requires the department to amend its rules for reimbursement for pharmacists conducting a medication evaluation or consultation in the home. It clarifies that certified nurse practitioners and physician assistants may only authorize or amend a plan of care under rule Chapter 101: MaineCare Benefits Manual, Chapter II, Section 40 after the federal government allows for it. It adds making recommendations to the department on best practices to the additional duties of the Maine Telehealth and Telemonitoring Advisory Group included in the bill. It also adds an appropriations and allocations section.

This bill was again carried over, still on the Special Appropriations Table, to any special session of the 129th Legislature by joint order, S.P. 788.

LD 1662

Resolve, To Save Lives by Establishing the Low Barrier Opioid Treatment Response Pilot Project within the Department of Health and Human Services

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CLAXTON N	OTP-AM	S-398

This bill was carried over in committee from the First Regular Session of the 129th Legislature by joint order, H.P. 1322.

This bill requires the Department of Health and Human Services to establish the Low Barrier Opioid Treatment Response Program in Maine's federally qualified health centers to improve the availability of medication-assisted treatment and enhance the effectiveness and sustainability of acute care responses to persons in urgent need of treatment for substance use disorders, including opioid use disorder. The department is required to implement the program on a pilot basis initially and expand the program statewide after reviewing initial outcomes of the pilot.

This bill also directs the department and representatives of federally qualified health centers to examine the extent to which existing structures for reimbursement and delivery of services by federally qualified health centers and other providers may hamper or facilitate access to opioid use disorder treatment and develop proposed changes to address identified barriers, reduce unnecessary costs and enhance coordination between federally qualified health centers and other providers serving persons at risk of opioid overdose. The department is required to report findings

Joint Standing Committee on Health and Human Services

on these subjects and on initial pilot implementation of the Low Barrier Opioid Treatment Response Program to the Joint Standing Committee on Health and Human Services no later than January 15, 2020.

Committee Amendment "A" (S-398)

This amendment replaces the bill with a resolve. The resolve requires the Department of Health and Human Services to establish a 24-month pilot project to provide low barrier opioid treatment response in Maine's federally qualified health centers to improve the availability of medication-assisted therapy and enhance the effectiveness and sustainability of acute care responses to persons in urgent need of treatment for substance use disorder, including opioid use disorder. The resolve provides funding of \$460,000 for implementing the first year of the 24-month pilot project in eight federally qualified health centers. It is anticipated that the same amount of funding will be required in fiscal year 2021-22.

It also directs the department to submit reports by December 1, 2021 and at the conclusion of the pilot project regarding the implementation of the pilot project to the joint standing committee of the Legislature having jurisdiction over health and human services matters. The joint standing committee of the Legislature having jurisdiction over health and human services matters may submit legislation relating to the pilot project to the Second Regular Session of the 130th Legislature.

This resolve was carried over on the Special Appropriations Table to any special session of the 129th Legislature by joint order, S.P. 788.

LD 1689 An Act To Address the Opioid Crisis through Evidence-based Public Health Policy CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SANBORN L MCCREIGHT J	OTP-AM	S-177

This bill was carried over from the First Regular Session of the 129th Legislature on the Special Appropriations Table by joint order, H.P. 1322.

This bill expands the scope and capabilities of hypodermic apparatus exchange programs certified by the Department of Health and Human Services, Maine Center for Disease Control and Prevention. This bill requires the center to adopt rules that:

1. Allow the programs to distribute naloxone hydrochloride and other safer drug use supplies; and
2. Expand the criteria a program must meet in order to be awarded funds, including distributing naloxone hydrochloride and other safer drug use supplies; providing HIV, AIDS and hepatitis C testing; and maintaining referral agreements or having the capacity to provide counseling services, medication-assisted treatment services and infectious disease care.

The center is also required to consider geographic distribution of services provided by a program when allocating funding.

This bill also amends the Maine Criminal Code to remove the crimes of furnishing hypodermic apparatuses and illegal possession of hypodermic apparatuses and makes changes to other statutes to reflect that decriminalization.

Committee Amendment "A" (S-177)

This amendment removes the sections of the bill that decriminalize the crimes of furnishing or possessing
