Joint Standing Committee on Energy, Utilities and Technology

LD 1683 An Act To Clarify the Definitions of Consumer-owned Utilities

**PUBLIC 311
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GROHOSKI N LAWRENCE M	OTP-AM	H-478

This bill amends the definition of consumer-owned transmission and distribution utility to clarify that the utility must be wholly owned by consumers who reside in the service territory of the utility and that any municipal or quasi-municipal ownership must be of a municipality or quasi-municipal entity located in the State.

Committee Amendment "A" (H-478)

This amendment amends the definition of "consumer-owned transmission and distribution utility" in the bill. The amendment specifies that a consumer-owned transmission and distribution utility is wholly owned by its consumers, including its consumers served by the utility in this State. The amendment also adds a provision to amend the definition of "consumer-owned water utility" in the same way and makes other clarifying changes to the language in the bill.

Enacted Law Summary

Public Law 2019, chapter 311 amends the definitions of "consumer-owned transmission and distribution utility" and "consumer-water utility" to specify that a consumer-owned utility is wholly owned by its consumers, including its consumers served by the utility in this State.

Public Law 2019, chapter 311 was enacted as an emergency measure effective June 17, 2019.

LD 1711 An Act To Promote Solar Energy Projects and Distributed Generation Resources in Maine

PUBLIC 478

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DOW D COREY P	OTP-AM ONTP	S-295

This bill makes changes to the laws governing net energy billing and the Maine Solar Energy Act, including:

1. Establishing parameters on the financial interest and limits of accounts for net energy billing;
2. Directing the Public Utilities Commission to establish a pilot program implementing a tariff rate for nonresidential customers of new distributed generation resources if the commission determines a tariff rate is the most cost-effective manner possible to promote the development of distributed generation resources;
3. Amending the Maine Solar Energy Act by: adding specific measures to support solar energy; establishing a standard buyer designation and detailing the standard buyer's obligations and cost allocation; directing the Public Utilities Commission to procure 125 megawatts for the output of distributed generation resources associated with commercial or institutional customer accounts through a bid solicitation process; directing the Public Utilities Commission to procure 250 megawatts for the output of large-scale shared distributed generation resources through a bid solicitation process; and detailing the process by which credits are applied to a customer's bill and how entities that own or operate a large-scale shared distributed generation resource on behalf of customers that own a proportional interest in the large-scale shared distributed generation resource may recover costs incurred on behalf of an investor-owned transmission and distribution utility;
