**CARRIED OVER**

JACKSON T GIDEON S		

This bill was carried over in committee from the First Regular Session of the 129th Legislature by joint order, H.P. 1322.

This bill creates the First 4 ME Early Care and Education Program under the Department of Health and Human Services to provide comprehensive, high-quality early child care and education services for at-risk children under six years of age who have not entered kindergarten and the children's parents by funding projects that integrate comprehensive resources and services with traditional center-based and family child care settings. The projects are sponsored by coalitions of stakeholders, providers and other community members within the communities that the projects serve. Each project is led and coordinated by a community contractor who staffs the project's operations and contracts with community providers to provide health care, education or parenting services, which may include services provided in a licensed child care center or by a licensed family child care provider, in a home visit or by an individual providing services to a family member within the individual's or family member's residence. The community contractor employs or contracts with community coaches who train and provide support to community providers. This bill also directs the department to request proposals for up to 10 pilot projects to implement the program and to report to the Legislature on the progress of the pilot projects toward the objectives, goals and intended outcomes of the projects in 2024.

This bill, which had been voted but not yet reported out by the committee, was carried over in committee to any special session of the 129th Legislature by joint order, S.P. 788.
