LD 1822 An Act To Protect Access to Services for Adults with Serious and Persistent Mental Illness

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GATTINE D		

This bill was carried over in committee from the First Regular Session of the 129th Legislature by joint order, H.P. 1322.

This bill establishes the right of an adult with serious and persistent mental illness who is denied access to certain services by a provider contrary to the terms of the provider's contract with the Department of Health and Human Services to seek informal department review of the provider's action and informal dispute resolution by the department to facilitate access to the service. If the adult continues to be denied access to the mental health service following department review, the adult may bring a private civil action in Superior Court for injunctive relief to enforce the terms of the provider's contract with the department. The bill requires the department to adopt routine technical rules governing the process for informal department review, which must include a definition of "adult with serious and persistent mental illness."

This bill, which had not yet been voted by the committee, was carried over in committee to any special session of the 129th Legislature by joint order, S.P. 788.
