STATE OF MAINE

129TH LEGISLATURE
FIRST REGULAR SESSION

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 129th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

Joint Standing Committee on Energy, Utilities and Technology

Committee Amendment "A" (H-685)

This amendment adds an emergency preamble and emergency clause to the bill.

Enacted Law Summary

Public Law 2019, chapter 592 specifies that liquefied propane gas distribution systems that have underground pipes are subject to the so-called dig safe law. The law also increases the administrative penalties for violations of the so-called dig safe law from \$500 to \$1,000 for a violation and from \$5,000 to \$10,000 for a subsequent violation occurring within 12 months of an earlier violation.

Public Law 2019, chapter 592 was enacted as an emergency measure effective March 17, 2020.

LD 1895 An Act Regarding Positions at the Public Utilities Commission

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LAWRENCE M BERRY S		

This bill reclassifies the Public Utilities Commission's director of emergency services communication to be consistent with other commission directors. The bill also adds four positions to the commission: a Utility Analyst to perform utility rate case revenue requirement analysis and other activities; a Utility Analyst to perform communications and customer outreach activities; a Senior Consumer Assistance Specialist to perform administrative work in the receipt, analysis and resolution of consumer complaints; and a Public Service Coordinator II to perform 9-1-1 standards compliance, contract management and other tasks related to the administration of the Emergency Services Communication Bureau.

This bill, which had been voted (OTP-A/ONTP) but not yet reported out of committee, was carried over in committee to any special session of the 129th Legislature by joint order, S.P. 788.

LD 1896 An Act To Amend the Laws Governing Thermal Renewable Energy Credits

PUBLIC 576

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
VITELLIE BERRY S	OTP-AM ONTP	S-384

This bill provides that retail electricity sales pursuant to a supply contract or standard-offer service arrangement executed by a competitive electricity provider that is in effect on September 19, 2019, are exempt from the requirement for the purchase of thermal renewable energy credits until the end date of the existing term of the supply contract or standard-offer service arrangement. It also allows the Public Utilities Commission to set separate alternative compliance payment rates for Class I resources, Class IA resources and thermal renewable energy credits under the laws governing renewable resources.

Committee Amendment "A" (S-384)

This amendment is the majority report of the committee. The amendment removes the provision of the bill regarding separate alternative compliance payment rates for different resource classes and thermal renewable energy credits. It also removes the emergency preamble and emergency clause, which were related to the provision removed from the bill.
