LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 129th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

LD 1948 An Act To Prohibit, Except in Emergency Situations, the Performance without Consent of Certain Examinations on Unconscious or Anesthetized Patients

PUBLIC 602

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DOUDERA V SANBORN H	OTP-AM	H-688

This bill provides that, prior to administering or supervising a pelvic examination on an anesthetized or unconscious patient, a physician must obtain the patient's informed consent to the pelvic examination unless the examination is within the scope of the procedure or examination for which the patient has already consented, the pelvic examination of an unconscious patient is required for diagnostic purposes and is medically necessary or the pelvic examination is authorized pursuant to the implied consent provision in the Maine Health Security Act relating to forensic examinations of unconscious alleged victims of sexual assault.

Committee Amendment "A" (H-688)

This amendment replaces the bill.

The amendment requires that, prior to performing or supervising a pelvic, rectal or prostate examination, a health care practitioner must obtain the patient's informed consent to that examination unless the examination of an unconscious patient is required for diagnostic purposes and is medically necessary or the examination is authorized pursuant to the implied consent provision in the Maine Health Security Act relating to forensic examinations of unconscious alleged victims of sexual assault.

The amendment clarifies that the provisions apply more broadly to licensed health care practitioners, not just physicians as in the bill, and reallocates the provision to the Maine Revised Statutes, Title 24, chapter 21, subchapter 5. The amendment expands the scope of the bill to include rectal and prostate examinations and also requires a health care practitioner to obtain the patient's informed consent orally and in writing.

Enacted Law Summary

Public Law 2019, chapter 602 requires that, prior to performing or supervising a pelvic, rectal or prostate examination, a health care practitioner must obtain the patient's informed consent, orally and in writing, to that examination unless the examination of an unconscious patient is required for diagnostic purposes and is medically necessary or the examination is authorized pursuant to the implied consent provision in the Maine Health Security Act relating to forensic examinations of unconscious alleged victims of sexual assault.

LD 1972 An Act To Increase Access to and Reduce the Cost of Epinephrine Autoinjectors by Amending the Definition of "Epinephrine Autoinjector"

**PUBLIC 560
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SANBORN H CARNEY A	OTP-AM	S-379

This bill amends the definition of "epinephrine autoinjector" in different Titles of the Maine Revised Statutes to include devices approved by the federal Food and Drug Administration that deliver a specific dose of epinephrine by means other than automatic injection of epinephrine into the human body. The bill changes references to epinephrine pen to epinephrine autoinjector.
