129TH LEGISLATURE
FIRST REGULAR SESSION

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 129th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

The effective date for non-emergency legislation enacted in the First Regular Session of the 129th Legislature is Thursday, September 19, 2019. The effective date for legislation enacted as an emergency measure may be found in the enacted law summary for that legislation.

Joint Standing Committee on Transportation

This bill requires the Department of Transportation to notify a municipality when a bridge for which a municipality has maintenance responsibility requires a posting or closure and requires the municipality to carry out the posting or closure. Current law provides a municipality sole responsibility to determine whether such a bridge must be posted or closed. The bill provides that the department's responsibility to pay a portion of the cost of a capital improvement for a low use or redundant bridge on a town way is subject to available funds. It provides that in order for the department to accept certain responsibilities for an improved bridge or for a new bridge, the department must approve the design of the improvements or construction before the improvements are made or the bridge is constructed. The design of the improvements or construction must meet standards set by the department and be sealed by a professional engineer. The department must inspect the bridge after it is improved or constructed. The bill also changes how often the department must prepare a list of bridges that are eligible for capital improvement from biennially to annually and removes the requirement that this list be arranged in priority order using accepted bridge management principles.

This bill, which had been voted but not yet reported out of committee, was carried over in committee to any special session of the 129th Legislature by joint order, S.P. 788.

LD 2066 **An Act To Authorize the Maine Pilotage Commission To Establish
Alternative Initial License Criteria for Existing Pilots Seeking
Endorsements for Low Traffic Volume Routes**

PUBLIC 663

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCLEANA	OTP-AM	H-734

This bill allows the Maine Pilotage Commission to establish alternative initial license criteria for existing pilots who are seeking low-volume route endorsements and requires the commission to adopt routine technical rules to implement any criteria that are established.

Committee Amendment "A" (H-734)

This amendment clarifies the language in the bill allowing the Maine Pilotage Commission to establish alternative initial license criteria for pilots who are seeking low traffic volume route endorsements and requiring the commission to adopt routine technical rules to implement any criteria that are established.

The amendment makes minor technical changes, including:

1. Removing a reference to "existing" pilots;
2. Clarifying how the alternative criteria relate to the current training trip requirements; and
3. Moving the new provisions to their own paragraph.

Enacted Law Summary

Public Law 2019, chapter 663 allows the Maine Pilotage Commission to establish alternative initial license criteria for existing pilots who are seeking low-volume route endorsements and requires the commission to adopt routine technical rules to implement any criteria that are established.
