LD 2124 An Act To Create the Rail Corridor Use Advisory Council Process CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCLEANA		

This bill authorizes the Commissioner of Transportation to convene a rail corridor use advisory council to advise and make recommendations each time one or more governmental entities that represent communities along a state-owned rail corridor request the Department of Transportation to review a nonrail use of that rail corridor, as long as any nonrail use is considered to be interim in nature and that all such rail corridors are preserved for future rail use. Upon receiving a report from a rail corridor use advisory council that recommends track removal or another change to nonrail use of the rail corridor, the commissioner is required, if the commissioner concurs with the recommendation, to seek legislative approval of the recommendation by submitting legislation to the joint standing committee of the Legislature having jurisdiction over transportation matters prior to removal or another change to a nonrail use.

This bill, which had been voted but not yet reported out of committee, was carried over in committee to any special session of the 129th Legislature by joint order, S.P. 778.
