LD 1390 An Act To Maximize Health Care Coverage for the Uninsured through Easy Enrollment in the MaineCare Program or in a Qualified Health Plan in the Marketplace

ENACTED LAW SUMMARY

Public Law 2021, chapter 715 establishes the easy enrollment program to identify individuals and families who are uninsured but potentially eligible for benefits under the MaineCare program or enrollment in a qualified health plan in the Maine Health Insurance Marketplace through the state income tax filing system. Beginning in tax year 2023, the law requires the Department of Administrative and Financial Services, Bureau of Revenue Services to add check-off boxes to the state income tax form that allow an individual who is filing a state income tax return to identify that the individual or the individual’s spouse or dependents are uninsured and authorize the bureau to share that information with the marketplace. The marketplace must determine eligibility and follow up with the individual filing the tax return. A special enrollment period on the marketplace is available to the uninsured individuals. The marketplace must offer assistance with the enrollment process for a qualified health plan and the Department of Health and Human Services must offer assistance with MaineCare enrollment.

The law requires the marketplace and the Department of Health and Human Services, after consultation with the Superintendent of Insurance, to jointly develop outreach materials and programming to communicate the purpose of the income tax check-off and the potential benefits of enrolling in a qualified health plan through the marketplace or in the MaineCare program. The law also requires the establishment of an advisory group to assist with improving the effectiveness of the program and requires the Department of Health and Human Services to report annually to the Legislature on the easy enrollment program starting in November 2024.
