**LEGISLATIVE DIGEST OF BILLS AND
SUMMARIES OF ENACTED LAWS**

This *Legislative Digest of Bills and Summaries of Enacted Laws* provides the disposition of all LDs and summaries of all laws enacted or finally passed during the First Regular and First Special Sessions of the 131st Maine Legislature. Please note that all LDs and proposed amendments may be found through the Legislature’s webpage, and each includes a summary of what the bill or amendment proposed.

The *Legislative Digest of Bills and Summaries of Enacted Laws* is arranged alphabetically by committee. Within each committee section is a subject index of all LDs considered by that committee as well as a digest of the LDs, arranged by LD number. Also included are enacted law summaries of the LDs enacted or finally passed. Brief analyst notes on certain LDs are also included: a committee digest will indicate if additional notes are provided for an LD. These notes add information staff found useful and may provide useful information to users of this *Digest*; please note that most LDs do not have a note and lack of a note should not be interpreted as having any significance. A separate section of the *Digest* provides a digest of the relatively few LDs that were not referred to a committee or reported from a committee as a committee bill; enacted law summaries of the LDs enacted or finally passed are provided. Finally, an appendix provides a summary of relevant session statistics.

LD 57 An Act to Amend Maine's Endangered and Threatened Species List

ENACTED LAW SUMMARY

Public Law 2023, chapter 60 makes the following changes to the State's list of endangered and threatened species.

1. It removes the box turtle and the rapids clubtail from the endangered species list.
2. It adds the Ashton's cuckoo bumble bee and the saltmarsh sparrow to the endangered species list.
3. It adds the bank swallow, the Bicknell's thrush, the blackpoll warbler, the cliff swallow, the margined tiger beetle and the tricolored bat to the threatened species list.

In addition to the changes made to Maine's Endangered and Threatened Species list, Public Law 2023, chapter 60 adds a requirement that the Commissioner of Inland Fisheries and Wildlife report to the joint standing committee of the Legislature having jurisdiction over inland fisheries and wildlife matters no less frequently than every four years on any recommendations, status updates or changes to the list of species designated as endangered or threatened.

LD 92 An Act to Minimize the Propagation of Invasive Aquatic Plants

ENACTED LAW SUMMARY

Public Law 2023, chapter 190 makes the following changes to the laws governing the draining of watercraft upon removal from Maine's inland waters.

1. It requires a person immediately before placing on or after removing a watercraft from an inland water body to drain the watercraft and other equipment and to remove or open drain plugs, bailers, valves and other devices to drain the water before that watercraft is transported.
2. It exempts emergency response watercraft from these requirements.
3. It prohibits draining or releasing water held on or within a watercraft and allowing that water to enter any inland water body of the State if the water in the watercraft is from a different water source.

Public Law 2023, chapter 190 was enacted as an emergency measure effective June 16, 2023.
