**LEGISLATIVE DIGEST OF BILLS AND  
SUMMARIES OF ENACTED LAWS**

This *Legislative Digest of Bills and Summaries of Enacted Laws* provides the disposition of all LDs and summaries of all laws enacted or finally passed during the First Regular and First Special Sessions of the 131st Maine Legislature. Please note that all LDs and proposed amendments may be found through the Legislature’s webpage, and each includes a summary of what the bill or amendment proposed.

The *Legislative Digest of Bills and Summaries of Enacted Laws* is arranged alphabetically by committee. Within each committee section is a subject index of all LDs considered by that committee as well as a digest of the LDs, arranged by LD number. Also included are enacted law summaries of the LDs enacted or finally passed. Brief analyst notes on certain LDs are also included: a committee digest will indicate if additional notes are provided for an LD. These notes add information staff found useful and may provide useful information to users of this *Digest*; please note that most LDs do not have a note and lack of a note should not be interpreted as having any significance. A separate section of the *Digest* provides a digest of the relatively few LDs that were not referred to a committee or reported from a committee as a committee bill; enacted law summaries of the LDs enacted or finally passed are provided. Finally, an appendix provides a summary of relevant session statistics.

The final disposition of each LD is noted in the relevant summary digest and index. The following describes the various final actions.

### **LD 475 An Act to Simplify and Clarify the Licensing of Assisted Housing Facilities**

#### **ENACTED LAW SUMMARY**

Public Law 2023, chapter 176 replaces the term "assisted housing program" with the term "assisted housing facility" and replaces the term "assisted living program" with the term "assisted living facility." It amends the definition of "assisted housing services" to include medication management and nursing services and removes those services from the definition of "assisted living services." It amends the definition of "residential care facility" to clarify which licensed entities are excluded from the definition.

The law provides that the term of the license for an assisted housing facility is two years and clarifies the manner in which independent housing with services programs are funded. The law also provides that an applicant for an assisted living facility or residential care facility license may not receive more than one license at the same license level for services offered in the same location maintained wholly or in part for the purpose of providing assisted living services or residential care services. It provides that an assisted living facility or residential care facility that, beginning on October 1, 2023, holds more than one license at the same license level for services offered in the same location maintained wholly or in part for the purpose of providing services is exempt from this prohibition. The department may continue to issue such applicants more than one license at the same license level if all other licensure requirements are met.
