131<sup>ST</sup> LEGISLATURE  
FIRST REGULAR AND FIRST SPECIAL SESSIONS

**LEGISLATIVE DIGEST OF BILLS AND  
SUMMARIES OF ENACTED LAWS**

This *Legislative Digest of Bills and Summaries of Enacted Laws* provides the disposition of all LDs and summaries of all laws enacted or finally passed during the First Regular and First Special Sessions of the 131st Maine Legislature. Please note that all LDs and proposed amendments may be found through the Legislature’s webpage, and each includes a summary of what the bill or amendment proposed.

The *Legislative Digest of Bills and Summaries of Enacted Laws* is arranged alphabetically by committee. Within each committee section is a subject index of all LDs considered by that committee as well as a digest of the LDs, arranged by LD number. Also included are enacted law summaries of the LDs enacted or finally passed. Brief analyst notes on certain LDs are also included: a committee digest will indicate if additional notes are provided for an LD. These notes add information staff found useful and may provide useful information to users of this *Digest*; please note that most LDs do not have a note and lack of a note should not be interpreted as having any significance. A separate section of the *Digest* provides a digest of the relatively few LDs that were not referred to a committee or reported from a committee as a committee bill; enacted law summaries of the LDs enacted or finally passed are provided. Finally, an appendix provides a summary of relevant session statistics.

The final disposition of each LD is noted in the relevant summary digest and index. The following describes the various final actions.

### **LD 670 An Act to Protect Birds in the Construction, Renovation and Maintenance of Public Buildings**

#### **ENACTED LAW SUMMARY**

Public Law 2023, chapter 221 requires the Department of Administrative and Financial Services, Bureau of General Services to develop, by December 31, 2024, guidance regarding the integration of bird collision risk management into public improvements.

The guidance must be available on the bureau's publicly accessible website and must be developed in consultation with expert stakeholders and must include an explanation of: architectural design threats and landscape design threats to birds; the cost differentials and the comparative effectiveness of materials, designs and other methods for reducing bird collisions; and other considerations for reducing bird collisions.

Public Law 2023, chapter 221 requires the guidance be considered in the construction of public improvements and renovations of public improvements in which more than 50% of a building facade is substantially altered. The guidance does not apply to public buildings, landscapes or districts listed on the National Register of Historic Places or determined to be eligible for inclusion on the National Register of Historic Places, including the State House and the Blaine House.

Public Law 2023, chapter 221 requires the Bureau of General Services submit a report to the joint standing committee of the Legislature having jurisdiction over state and local government no later than December 31, 2024 detailing the guidance developed. Beginning December 31, 2026, and biennially thereafter, the Bureau of General Services must submit a report detailing use of the guidance during the previous 2-year period.

The committee may submit legislation relating to the subject matter of each report received.
