131<sup>ST</sup> LEGISLATURE  
FIRST REGULAR AND FIRST SPECIAL SESSIONS

**LEGISLATIVE DIGEST OF BILLS AND  
SUMMARIES OF ENACTED LAWS**

This *Legislative Digest of Bills and Summaries of Enacted Laws* provides the disposition of all LDs and summaries of all laws enacted or finally passed during the First Regular and First Special Sessions of the 131st Maine Legislature. Please note that all LDs and proposed amendments may be found through the Legislature’s webpage, and each includes a summary of what the bill or amendment proposed.

The *Legislative Digest of Bills and Summaries of Enacted Laws* is arranged alphabetically by committee. Within each committee section is a subject index of all LDs considered by that committee as well as a digest of the LDs, arranged by LD number. Also included are enacted law summaries of the LDs enacted or finally passed. Brief analyst notes on certain LDs are also included: a committee digest will indicate if additional notes are provided for an LD. These notes add information staff found useful and may provide useful information to users of this *Digest*; please note that most LDs do not have a note and lack of a note should not be interpreted as having any significance. A separate section of the *Digest* provides a digest of the relatively few LDs that were not referred to a committee or reported from a committee as a committee bill; enacted law summaries of the LDs enacted or finally passed are provided. Finally, an appendix provides a summary of relevant session statistics.

The final disposition of each LD is noted in the relevant summary digest and index. The following describes the various final actions.

**LD 975 An Act to Align Maine's Elevator Safety Laws with Maine Uniform Building and Energy Code Standards**

**ENACTED LAW SUMMARY**

Public Law 2023, chapter 149 requires that whenever a passenger elevator is installed in a building being newly constructed or in a new addition that extends beyond the exterior walls of an existing building, at least one passenger elevator must reach every story within the building and be of sufficient size to allow the transport of a person on an ambulance stretcher in the fully supine position, without having to raise, lower or bend the stretcher in any way. It also provides that "story" has the same meaning as in the International Building Code, as adopted by the Department of Public Safety, Office of the State Fire Marshal, Technical Building Codes and Standards Board.

Public Law 2023, chapter 149 was enacted as an emergency measure effective June 12, 2023.
