 $131^{\rm ST}$ Legislature First Regular and First Special Sessions

LEGISLATIVE DIGEST OF BILLS AND SUMMARIES OF ENACTED LAWS

This Legislative Digest of Bills and Summaries of Enacted Laws provides the disposition of all LDs and summaries of all laws enacted or finally passed during the First Regular and First Special Sessions of the 131st Maine Legislature. Please note that all LDs and proposed amendments may be found through the Legislature's webpage, and each includes a summary of what the bill or amendment proposed.

The Legislative Digest of Bills and Summaries of Enacted Laws is arranged alphabetically by committee. Within each committee section is a subject index of all LDs considered by that committee as well as a digest of the LDs, arranged by LD number. Also included are enacted law summaries of the LDs enacted or finally passed. Brief analyst notes on certain LDs are also included: a committee digest will indicate if additional notes are provided for an LD. These notes add information staff found useful and may provide useful information to users of this Digest; please note that most LDs do not have a note and lack of a note should not be interpreted as having any significance. A separate section of the Digest provides a digest of the relatively few LDs that were not referred to a committee or reported from a committee as a committee bill; enacted law summaries of the LDs enacted or finally passed are provided. Finally, an appendix provides a summary of relevant session statistics.

The final disposition of each LD is noted in the relevant summary digest and index. The following describes the various final actions.

Public Law 2023, chapter 261 also clarifies that the Child Welfare Advisory Panel shall provide an annual report to the Legislature, rather than the Department of Health and Human Services providing the annual report.

LD 1417 Resolve, to Ensure Efficiency and Effectiveness in Maine's Licensing and Certification of Behavioral Health Services

ENACTED LAW SUMMARY

Resolve 2023, chapter 57 requires the Department of Health and Human Services to ensure that its rules governing the licensing of mental health facilities avoids, as much as possible, standards that require duplicate licensing visits and surveys of behavioral health agencies and allows instead any equivalent standards by either national or state accrediting or licensing bodies. The rules must ensure that services are safe and meeting quality requirements, license by agency and not by service or facility site unless prohibited by federal Department of Justice, Drug Enforcement Administration or other applicable federal requirements and reduce duplication of effort on the part of providers as much as possible. The department must submit a report on progress, no later than February 15, 2024 to the Joint Standing Committee on Health and Human Services and the committee is authorized to report out a bill to the Second Regular Session of the 131st Legislature if more legislative action is necessary.
