STATE OF MAINE
131ST LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS

**LEGISLATIVE DIGEST OF BILLS AND
SUMMARIES OF ENACTED LAWS**

This *Legislative Digest of Bills and Summaries of Enacted Laws* provides the disposition of all LDs and summaries of all laws enacted or finally passed during the First Regular and First Special Sessions of the 131st Maine Legislature. Please note that all LDs and proposed amendments may be found through the Legislature’s webpage, and each includes a summary of what the bill or amendment proposed.

The *Legislative Digest of Bills and Summaries of Enacted Laws* is arranged alphabetically by committee. Within each committee section is a subject index of all LDs considered by that committee as well as a digest of the LDs, arranged by LD number. Also included are enacted law summaries of the LDs enacted or finally passed. Brief analyst notes on certain LDs are also included: a committee digest will indicate if additional notes are provided for an LD. These notes add information staff found useful and may provide useful information to users of this *Digest*; please note that most LDs do not have a note and lack of a note should not be interpreted as having any significance. A separate section of the *Digest* provides a digest of the relatively few LDs that were not referred to a committee or reported from a committee as a committee bill; enacted law summaries of the LDs enacted or finally passed are provided. Finally, an appendix provides a summary of relevant session statistics.

The final disposition of each LD is noted in the relevant summary digest and index. The following describes the various final actions.

LD 1709 An Act to Update the Elevator and Tramway Safety Laws Regarding Construction Hoists

ENACTED LAW SUMMARY

Public Law 2023, chapter 326 defines "construction hoist" and requires the Director of the Office of Professional and Occupational Regulation within the Department of Professional and Financial Regulation to adopt rules regarding the proper operation of construction hoists and training requirements for construction hoist operators. It also provides that, after the rules are adopted, a person may not operate a construction hoist except as in accordance with the rules.

LD 1713 An Act to Update Electrical Education and Other Licensure Requirements for Electricians

ENACTED LAW SUMMARY

Public Law 2023, chapter 327 amends the laws governing the licensing of electricians to eliminate unintended barriers for applicants seeking to complete the requisite electrical education needed to qualify to take an examination and requires the Electricians' Examining Board to establish in rule the minimum curriculum requirements for a program of study. The board is not required to approve any individual program of study or accredited institution as long as the offered course of study meets the coursework requirements set forth in rule. The law also does the following.

1. It reorganizes the current structure of the law regarding what is required in order for an applicant to qualify to take an examination and what is required at the stage the individual applies for a license after passage of an examination.
2. It clarifies that the board may require a person to first pass an examination approved by the board in order to obtain a limited electrician license.
3. For the journeyman, master and limited electrician categories of licensure, it provides that all applicants for licensure must have completed a 45-hour course in the National Electrical Code within two years of applying for a license.
4. For the journeyman-in-training electrician examination it allows an applicant to qualify for examination by completing at least 6,000 work hours in the field of electrical installations as a licensed apprentice electrician and a 576-hour course of study as adopted by the Electricians' Examining Board or a course of study approved by the United States Department of Labor, Employment and Training Administration, Office of Apprenticeship or by a state apprenticeship agency recognized by the Office of Apprenticeship.
