STATE OF MAINE

 $131^{\rm ST}$ Legislature First Regular and First Special Sessions

LEGISLATIVE DIGEST OF BILLS AND SUMMARIES OF ENACTED LAWS

This Legislative Digest of Bills and Summaries of Enacted Laws provides the disposition of all LDs and summaries of all laws enacted or finally passed during the First Regular and First Special Sessions of the 131st Maine Legislature. Please note that all LDs and proposed amendments may be found through the Legislature's webpage, and each includes a summary of what the bill or amendment proposed.

The Legislative Digest of Bills and Summaries of Enacted Laws is arranged alphabetically by committee. Within each committee section is a subject index of all LDs considered by that committee as well as a digest of the LDs, arranged by LD number. Also included are enacted law summaries of the LDs enacted or finally passed. Brief analyst notes on certain LDs are also included: a committee digest will indicate if additional notes are provided for an LD. These notes add information staff found useful and may provide useful information to users of this Digest; please note that most LDs do not have a note and lack of a note should not be interpreted as having any significance. A separate section of the Digest provides a digest of the relatively few LDs that were not referred to a committee or reported from a committee as a committee bill; enacted law summaries of the LDs enacted or finally passed are provided. Finally, an appendix provides a summary of relevant session statistics.

The final disposition of each LD is noted in the relevant summary digest and index. The following describes the various final actions.

The effective date for legislation enacted as an emergency measure may be found in the enacted law summary for that legislation.

JOINT STANDING COMMITTEE ON ENERGY, UTILITIES AND TECHNOLOGY

- 4. It increases the total annual revenues thresholds that classify what qualifies as a small, medium and large consumer-owned water utility.
- 5. It creates an expedited rate adjustment mechanism for consumer-owned water utilities to allow for up to a 1.5% increase in the current total annual revenue as long as proper notice is provided.
- 6. It creates a process for two or more consumer-owned water utilities to petition the commission to consolidate into a single utility. The commission must report annually on consolidation activities to the joint standing committee of the Legislature having jurisdiction over utilities matters and include in that report draft charter language that the committee may report out to create the new consolidated utility.

LD 1692 An Act to Create the Guilford-Sangerville Utilities District

ENACTED LAW SUMMARY

Private and Special Law 2023, chapter 15 establishes the Guilford-Sangerville Utilities District, pending voter referendum.

Private and Special Law 2023, chapter 15 was enacted as an emergency measure effective June 26, 2023.

LD 1693 An Act to Amend the Kennebunk Sewer District Charter

ENACTED LAW SUMMARY

Private and Special Law 2023, chapter 7 amends the charter of the Kennebunk Sewer District to update the description of the district's territorial limits.

LD 1724 An Act to Enact the Beneficial Electrification Policy Act

ENACTED LAW SUMMARY

Public Law 2023, chapter 328 does the following.

- 1. It enacts the Beneficial Electrification Policy Act which includes provisions that do the following.
 - A. It allows the Governor's Energy Office to petition the Public Utilities Commission to procure energy from renewable resources and allows the commission to initiate a competitive solicitation to approve one or more contracts for energy from renewable resources.

JOINT STANDING COMMITTEE ON ENERGY, UTILITIES AND TECHNOLOGY

- B. It directs the Efficiency Maine Trust to develop a 3-year beneficial electrification plan as a part of its triennial plan.
- C. It requires, to the extent possible through readily available information, the office, the commission and the trust to monitor beneficial electrification activities, trends and costs and benefits to ratepayers.
- D. It requires the commission, the office and the trust to include information on beneficial electrification activities in each entity's annual report to the Legislature.
- 2. It amends the definition of "beneficial electrification" in existing law to include a process.
- 3. It directs the trust to plan and implement programs to advance the policy of beneficial electrification.
- 4. It directs the commission to conduct a study of how to cost-effectively provide consumer financing of beneficial electrification products including products for energy efficiency, home or business energy storage, electric vehicle charging equipment and other distributed energy products. The commission must submit a report on the study to the Joint Standing Committee on Energy, Utilities and Technology by January 5, 2024.

LD 1828 An Act Regarding Enhanced 9-1-1 Public Safety Answering Points

ENACTED LAW SUMMARY

Public Law 2023, chapter 186 requires a public safety answering point to provide notice to the Emergency Services Communication Bureau prior to discontinuing service to a municipality. It specifies that the bureau must find reasonable grounds to authorize a public safety answering point to provide less than one year's notice of its discontinuation of service and provides that a violation of the notice requirement is a civil violation for which a fine of up to \$50 per day may be adjudged. The law specifies that the bureau may establish additional public safety answering points regardless of the limitation on the number of public safety answering points in the Maine Revised Statutes, Title 25, section 2926, subsection 2-A if the bureau determines that a public safety answering point is necessary to ensure public safety and access to E-9-1-1 services. The law also requires the bureau to conduct a study assessing whether public safety answering points can be more efficiently managed to ensure stability of the system. The Public Utilities Commission must provide a report on the results of the study by February 1, 2024 to the joint standing committee of the Legislature having jurisdiction over energy, utilities and technology matters.

Public Law 2023, chapter 186 was enacted as an emergency measure effective June 15, 2023.
