STATE OF MAINE

131st Legislature Second Regular Session

LEGISLATIVE DIGEST OF BILLS AND SUMMARIES OF ENACTED LAWS

This Legislative Digest of Bills and Summaries of Enacted Laws provides the disposition of all LDs and summaries of all laws enacted or finally passed during the Second Regular Session of the 131st Maine Legislature. Please note that all LDs and proposed amendments may be found through the Legislature's webpage, and each includes a summary of what the bill or amendment proposed.

The Legislative Digest of Bills and Summaries of Enacted Laws is arranged alphabetically by committee. Within each committee section is a subject index of all LDs considered by that committee as well as a digest of the LDs, arranged by LD number. Also included are enacted law summaries of the LDs enacted or finally passed. Brief analyst notes on certain LDs are also included: a committee digest will indicate if additional notes are provided for an LD. These notes add information staff found useful and may provide useful information to users of this Digest; please note that most LDs do not have a note and lack of a note should not be interpreted as having any significance. A separate section of the Digest provides a digest of the relatively few LDs that were not referred to a committee or reported from a committee as a committee bill; enacted law summaries of the LDs enacted or finally passed are provided. Finally, an appendix provides a summary of relevant session statistics.

The final disposition of each LD is noted in the relevant summary digest and index. The following describes the various final actions.

JOINT STANDING COMMITTEE ON ENVIRONMENT AND NATURAL RESOURCES

LD 2044 An Act to Update Air Quality Health Warnings

ENACTED LAW SUMMARY

Current law requires the Department of Environmental Protection to disseminate a health warning to the mass media when ground-level ozone concentrations have exceeded or will exceed .08 parts per million averaged over an eight-hour period. Public Law 2023, chapter 496 instead requires the department to disseminate a health warning to the mass media when ambient air concentrations of a pollutant reach the United States Environmental Protection Agency's Air Quality Index category of Unhealthy for Sensitive Groups or a higher category. The law also requires the department to disseminate health warnings directly to the public using appropriate technology and authorizes the use of other appropriate technology besides a telephone hotline when providing information to the public on daily ground-level ozone concentrations.

LD 2058 An Act Regarding Compliance with Environmental Permit and License Application Requirements

ENACTED LAW SUMMARY

Public Law 2023, chapter 509 provides that the Department of Environmental Protection may specify as a reason for nonacceptance of a permit or license application that the application was submitted after the activity requiring the permit or license has begun if the applicant knowingly violated a requirement to obtain a permit or license for the activity or the applicant previously violated a requirement to obtain a permit or license within the five years immediately preceding the submission of the application.

LD 2059 An Act Regarding Processing of Applications Under the Natural Resources Protection Act to Ensure Consistency with Shoreland Zoning Laws

ENACTED LAW SUMMARY

Public Law 2023, chapter 497 authorizes the Commissioner of Environmental Protection to return as incomplete an application for a permit under the Natural Resources Protection Act if the commissioner finds that there is a reasonable likelihood that the proposed activity would be inconsistent with the minimum guidelines for municipal zoning and land use controls adopted by the Board of Environmental Protection under the laws governing shoreland zoning.

LD 2066 An Act to Clarify Liability Under the Uncontrolled Hazardous Substance Site Law and to Waive a Fee Regarding Voluntary Response Action Plans

ENACTED LAW SUMMARY

Public Law 2023, chapter 510 amends the uncontrolled hazardous substance site law as follows.
