5. It provides that the department may charge reasonable fees for both individual record requests and database requests at the expense of the person making the request. The cost of furnishing a copy of the record is not subject to the limitations of Title 1, section 408-A.

Public Law 2025, chapter 692 also establishes confidentiality provisions for all-terrain vehicle and snowmobile accident reporting system data that mirror the Department of Public Safety's provisions for motor vehicle crash report data that is held in the Maine Crash Reporting Online Search and Ordering Service. These provisions allow any nonpersonally identifiable all-terrain vehicle and snowmobile accident report data to be released to the public, and the cost to process these data requests and release the records is not subject to the limitations within Title 1, section 408-A. These provisions also create definitions for “data,” “nonpersonally identifiable accident report data” and “personally identifiable accident report data.”

Public Law 2025, chapter 692 also provides that all-terrain vehicle and snowmobile accident reports or statements contained within those records have specific uses for law enforcement purposes and authorizes the Department of Inland Fisheries and Wildlife to disseminate individual records or information within these records databases in accordance with this law. All-terrain vehicle and snowmobile registration numbers may be released only under certain conditions and failure to comply with reporting obligations related to all-terrain vehicle and snowmobile accidents is a Class E crime.

LD 2240 Resolve, Regarding Legislative Review of Chapter 10: Significant Wildlife Habitat, a Late-filed Major Substantive Rule of the Department of Inland Fisheries and Wildlife

Public Law 2025, chapter 161 authorizes final adoption of Chapter 10: Significant Wildlife Habitat, a provisionally adopted major substantive rule of the Department of Inland Fisheries and Wildlife.
